	Model	Max Water Removal	Power
	LGR	203.2 Pints/Day	110 V
	Desiccant	3032 Pints/Day	460 V / 3PH 106 Amps

Air Scrubbers

Our portable air scrubbers use HEPA filters to capture 99.97% of particles, ensuring clean air for spaces affected by mold, smoke, or industries with strict air quality needs.

Fans

Our floor fans provide a strong 2200 CFM airflow with adjustable speed settings to meet various needs. Lightweight and portable, they are easy to move and operate quietly, plugging into standard outlets for added convenience.

Evaporative Coolers

Evap Coolers use evaporation to lower temperatures, providing an energy-efficient alternative to traditional AC units. Perfect for dry climates and open spaces like patios or event venues, option to add moisture for enhanced comfort. Our units hold up to 15 gallons of water and can cool up to 15 degrees.
